David,

Will this affect the change numbers?

Kim

**Subject:** FW: Revised FMS for Vertical Reference Door

Kim J.,

Please see attached. Flight Manual Supplement EA205-69-20 and Document Control List A20469DCL1 have been updated for the D412-711 Vertical Reference Door. Please update the blue file paperwork as well as the paperwork for any kits in stock at Dart. As I have the D412-711 binder here in Calgary, I will file the originals. I will bring the electronic data with me this week.

There was some rewording done to the FMS to clarify which instruments are required on the LHS when the Vertical Reference Door is installed. This was done to prevent Richie Katrell's helicopter (Helicopter Express) from being grounded by a USFS inspector a couple of weeks ago.

David
